What if we have fewer guests than the package minimum?

If you have fewer guests than the minimum, the standard package price still applies.

Is there a supplement charge for booking additional nights for our wedding?

Yes, you can book the night before your wedding if the accommodation is available. If booked more than six months in advance, a supplement fee applies (for peak season and Ultimate Wedding Packages only), in addition to the accommodation cost. Alternatively, if you wait until six months or less before your wedding date, you can book the extra night at the standard rate if it's still available, with no supplement charged.

Is day-before access available for styling and set-up?

For couples who have paid a night-before accommodation supplement fee, day-before access for styling and set-up between 12pm and 4pm is included.

For other bookings, day-before access may still be available for an additional fee, subject to availability. This includes couples who have booked accommodation the night before without a night-before supplement fee. Where only one night of accommodation is taken, availability will be confirmed by our planning team approximately five weeks prior to the wedding date.

When might additional staffing be required?

Your Wedding Package includes a full event team on the day. In some cases, additional staffing may be required where plans fall outside the standard package inclusions.

Examples may include: Hosting a cocktail hour, additional drinks service, extensive styling or décor requiring additional set-up time.

Where additional staffing is required, this will be discussed with you in advance and clearly reflected in your personalised quote.
